Kinemagic Serenity+

The Kinemagic Serenity+ is perfect for providing care assisted showering or peace of mind for those who need a little extra help.

This high quality, all-in-one shower cubicle has been designed to fit in exactly the same space as your old bath. The innovative magnetic handset 'sticks' to the shower rail making it easier to handle for people with a weak grip. With integrated cool touch thermostatic shower control, a comfortable fold-down seat that takes up to 150kg, anti-slip flooring and secure grab bars, it provides the ultimate, safe showering experience.

Kineduo

The Kineduo offers you the best of both worlds, packed full of practical features designed to make bathing and showering a pleasure.

With its simple step-in access using a hinged, toughened safety glass door, the Kineduo is equally appealing to able-bodied and less able users as it makes taking a bath or shower easy and trouble-free.

The Kineduo can replace any existing bath regardless of positioning within the bathroom. With optional extras such as the end glass shower panel you can position the shower where you want it, so you can still have a shower bath even if your bathroom has a window or is in the eaves.

With white or black glass bath panels, the Kineduo can fit into any colour scheme and really creates a premium feel whilst still being designed to be inclusive for all the family. With a selection of grab rails and a seat, the Kineduo can be tailored to your individual needs, without losing its style.

As standard the Kineduo is supplied with a toughened safety glass door, a cushioned headrest and pop up plug. Then just add the optional extras you want to make this unique to your home. You can now achieve luxury and convenience at an affordable price with Kineduo.

For extra comfort and safety we recommend fitting a separate TMV valve with the Kineduo taps and shower.

Sanidoor

The Sanidoor is a split shower door giving complete freedom of design and total accessibility.

With smart white profiles, the doors can all be individually hinged to enable ease of use and can be fitted in pairs or with a side panel as shown. Whether fitting to a shower tray or in a wet room, the Sanidoor is a great idea for those of us that need a little more space when getting in and out of the shower.
